Product Discontinuation Notification: Hydromorphone Hydrochloride Injection, USP, CII 0.5 mg/0.5 mL iSecure™ Luer Lock Glass Syringe (no needle)

Dear Valued Customer,

Pfizer Hospital is committed to providing supply information so that you can plan for patient care. The purpose of this letter is to make you aware of our intent to discontinue Hydromorphone Hydrochloride Injection, USP, CII 0.5 mg/0.5 mL iSecure™ Luer Lock Glass Syringe (no needle), NDC 00409-1283-05, once inventory is exhausted, estimated for Q1 2023. The decision to discontinue this product was made only after thorough assessment by Pfizer Hospital and is based on a combination of market need, manufacturing, and portfolio considerations. The U.S. Food and Drug Administration (FDA) has been notified.

While we are discontinuing the final presentation in our iSecure™ Luer Lock Glass Syringe, we do have multiple products available in our NexJect™ Syringe, including Hydromorphone HCl Injection, USP CII 0.5 mg/0.5 mL NexJect™ Single-dose Syringe Luer Lock (no needle), NDC 00409-4264-01. For more information on the NexJect™ Syringe, you can check out this [video](#).

Please note, the inventory exhaustion timing is subject to change. Check with your wholesalers for the latest availability. We also encourage you to check our [Availability Report](#), updated frequently and accessible on the [PfizerHospitalUS.com](#) homepage, for the latest information on additional product status.

For additional product availability questions, please reach out to your Pfizer Hospital sales representative or account executive. Alternatively, the Supply Continuity Team can be contacted between 7 a.m. and 6 p.m. (CT) at 1-844-646-4398 (select option 1 [Customer], then option 3 [Supply Continuity Team]). For medical inquiries, please contact Pfizer Medical Information at 1-800-438-1985.

Sincerely,

Kevin Martyn
Portfolio Director, Opioid & Syringe Technology
Pfizer Hospital U.S.
