November 1, 2021

Product NDC Change for Milrinone Lactate in 5% Dextrose Injection 40 mg/200 mL (200 mcg (0.2mg) per mL) Flexible Container

Dear Valued Customer,

Pfizer Hospital is committed to keeping you informed of product changes so that you can plan for patient care. The purpose of this letter is to make you aware of an impending NDC change for **Milrinone Lactate in 5% Dextrose Injection 40 mg/200 mL (200 mcg (0.2mg) per mL) Flexible Container**. Please note there will be no change to the pricing, indication or formulation of this product.

Please keep in mind that as we transition to the new NDC, both labels will be in the marketplace temporarily. We anticipate that the new NDC, 00409-1983-10, will be available at wholesalers and distributors, as well as via direct order from Pfizer, beginning the week of November 15, 2021 (please note locational inventory may vary).

TRANSITION TABLE
