**NDC and Packaging Change for Heparin Sodium in 0.45% Sodium Chloride Injection,
25,000 USP Units/250 mL (100 USP Units/mL) Flexible Container**

Dear Valued Customer,

Pfizer Hospital is pleased to share that the NDC and packaging change for Heparin Sodium in 0.45% Sodium Chloride Injection, 25,000 USP Units/250 mL (100 USP Units/mL) Flexible Container is now available at wholesalers and distributors (please note locational inventory may vary). Please note, while there is a difference in packaging, unit of sale size and NDC, as detailed in the Transition Table below, there is no change to unit of use price, formulation, or indication.

Please keep in mind that as we transition to the new NDC, 00409-7650-30, both NDCs may be in the marketplace temporarily. However, until it is depleted, we request that you continue using the current NDC, 00409-7650-62 when available.
