**Notification of Emergency Date Extension for
North American Coral Snake Antivenin (Equine) 10 mL Vial Lot Number CL6814**

Dear Valued Customer,

Pfizer has received approval from the U.S. Food and Drug Administration (FDA) of our emergency request to extend the use date for one lot of **North American Coral Snake Antivenin (Equine) 10 mL Vial**, NDC 00008-0423-03, to mitigate a shortage of this critical product.

FDA has approved an extension of **North American Coral Snake Antivenin (Equine) 10 mL Vial Lot CL6814**, extending the use date to December 31, 2026. The expiry date of this product has been extended previously, including [March 2026](#). Images of the product label and carton reflecting the affected lot are provided at the end of this letter for reference.

The updated information regarding the Expiration Date Extension for **North American Coral Snake Antivenin (Equine) 10 mL Vial** Lot CL6814, will also be posted on the FDA [webpage](#) under “Biologics Safety and Availability Communications”.

If you have any questions, please call our Customer Service Department at 1-844-646-4398.

Thank you,

Angelika Piatek
