### **NDC and Labeling Change for Rocuronium Bromide Injection Multiple Dose Vial Presentations**

Dear Valued Customer,

Pfizer Hospital is pleased to share the new NDC, with a labeling change, for **Rocuronium Bromide Injection 50 mg/5 mL (10 mg/mL) and 100 mg/10 mL (10 mg/mL) Multiple Dose Vials** are now available at wholesalers and distributors (please note locational inventory may vary).

While there is a difference in NDC, label, and formulation, as detailed in the Transition Table below, there is no change to unit of sale size, unit of use price, or indication.

Please keep in mind that as we transition to the new NDCs both the current and new NDCs will be in the marketplace temporarily. However, until it is depleted, we request that you continue using the current NDCs when available.
