**Product NDC Change for Metronidazole Injection, USP 500 mg/100 mL
(5 mg/mL) Flexible Container**

Dear Valued Customer,

Pfizer Hospital is committed to keeping you informed of product changes so that you can plan for patient care. The purpose of this letter is to make you aware of an impending NDC change for **Metronidazole Injection, USP 500 mg/100 mL (5 mg/mL) Flexible Container**. Please note there will be no change to the pricing, indication or formulation of this product.

Due to ongoing market shortages resulting in high demand, Pfizer has accelerated the launch of product from a secondary source. Please keep in mind that as we transition to the new NDC, 0409-0152-24, both labels will be in the marketplace concurrently on a temporary basis. The current NDC, 00409-7811-24, will remain available until supply improves and product is depleted. We anticipate that the new NDC will be available in limited supply, beginning the week of January 15, 2022 (please note locational inventory may vary).

TRANSITION TABLE

CURRENT NDC		NEW NDC INFORMATION				
Unit of Sale NDC Being Depleted	Unit of Use NDC Being Depleted	Unit of Sale NDC Being Made Available	Unit of Use NDC Being Made Available	Ordering & Shipping Options	Product Description	Unit of Sale Pack Size
00409-7811-24	00409-7811-31	00409-0152-24	00409-0152-01	Wholesaler, Distributor & Direct Ship	Metronidazole Injection, USP 500 mg/100 mL (5 mg/mL) Flexible Container	24
