

## Pfizer Introduces NEXJECT™ Prefilled Syringe

Pfizer Inc. is pleased to announce the introduction of the NEXJECT™ Syringe, an all-in-one, prefilled syringe designed with multiple levels of tamper-evident and tamper-resistant technology.

NEXJECT is the latest Pfizer Hospital Ready-to-Use product, adding to our broad portfolio of over 170 molecules and 10+ delivery systems, including prefilled syringes like CARPUJECT™, iSecure™, ABBOJECT® and ANSYR™.

NEXJECT is currently available to order in five product presentations, including:

- Hydromorphone Hydrochloride Injection USP, CII, 1 mg/mL
- Hydromorphone Hydrochloride Injection USP, CII, 2 mg/mL
- Morphine Sulfate Injection USP, CII, 2 mg/mL
- Morphine Sulfate Injection USP, CII, 4 mg/mL
- Morphine Sulfate Injection USP, CII, 10 mg/mL

For more information, view the [Products](#) tab or reach out to your Pfizer Hospital sales representative or account executive.
